

FURNITURE THAT INSPIRES CREATIVITY

Artisan is a fully modular technical furniture system designed to enhance productivity and creativity in all production disciplines. Equally at home in broadcast suites, audio production spaces or a front-of-house control booth, Artisan combines unmatched ergonomics with top-notch integration with your gear and cabling.

MADE IN NORTH CAROLINA

Our furniture is designed and handcrafted in our manufacturing facility to meet the exacting standards that custom installations require. Every piece is built with the same sleek, industrial design language, so your technical spaces look their best.

"Artisan furniture totally changes the status quo. It is nothing like standard furniture, and its built-in cable management creates a sleek and clean look that's perfect in any environment. I never thought design could inspire my creativity until we installed Artisan."

BRANDON GIBSON | TECH DIRECTOR | LONE OAK FBC

The Broadcast Console series is designed for flexibility and expandability. The pieces fit together to give production artists a cohesive, adaptable space. Finish, cable management, LED accent lighting and space for rack-mounted gear work together to inspire both beauty and function.

APPLICATIONS

- Broadcast suites
- Studio control rooms
- Front of house control booths

FEATURES

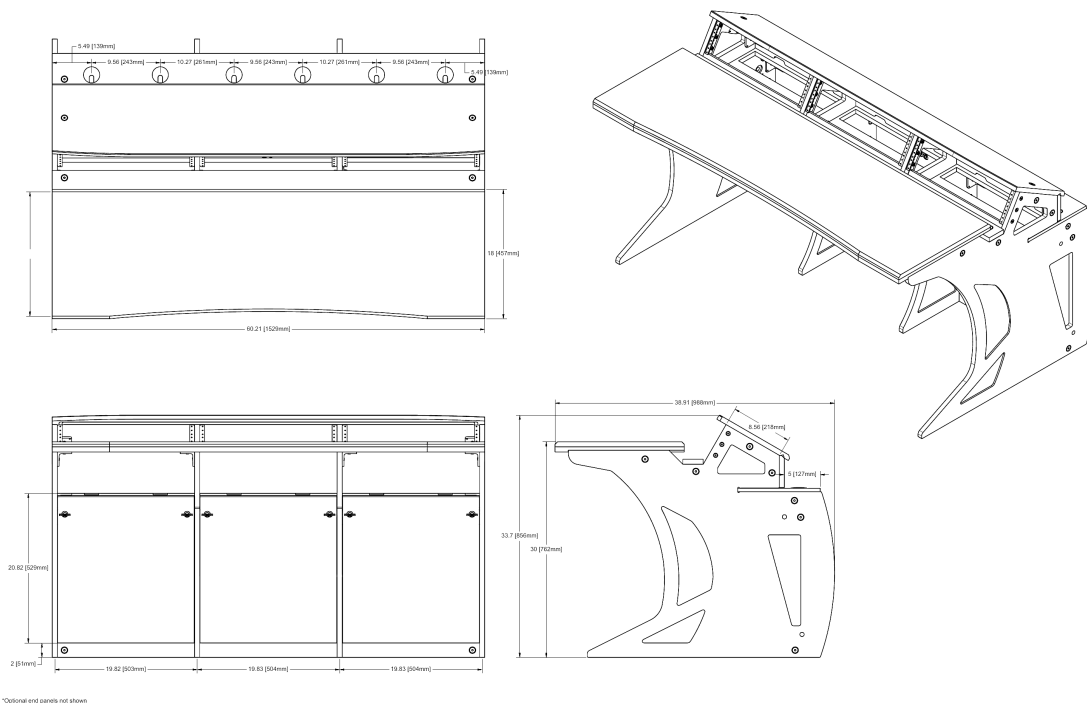

- Integrated LED lighting
- Easy desk chaining design
- Monitor arm mount support
- Easy reach rack mount
